

EMPLOYER SPONSORED **TRAINING.**

Level up your employees with DecodeMTL's Web Development courses.

WHO IS DECODEMTL?

DecodeMTL is a Web Development school located in downtown Montreal. Our courses teach the most relevant, up-to-date digital skills required to excel in today's economy. Through project based learning, our students are able to learn the fundamental languages powering the web today.

WHY SEND YOUR STAFF TO DECODEMTL?

Modern Curriculum

Our curriculums are built by developers who have been working in companies like yours for many years. By gathering feedback from employers, we are able to craft curriculums that are on the forefront of technology.

Project Based Learning

There are no textbooks or excessively boring lectures in our courses. We focus on building real world projects and hands on learning as much as possible.

Level Up

Your employees will be able to master new skills in web development, allowing them to be more effective members of your team.

Flexible Schedule

Our part-time courses are two evenings a week, allowing your staff to learn and work without overwhelming themselves.

"The prof communicates the material in a clear and articulate manner despite the complexity of the subject at hand."

*Rachel Pariente
Part-Time Student*

COURSES

HTML & CSS

Empower your design or marketing staff to code their own websites.

- Learn to write clean, standards compliant code

- Build a command line chat app
- Build a fully functional bot connected to third party API's
- 10 weeks | 60 hours | CAD \$1,495

FAQ

Are you an accredited institution?

We are not an accredited institution, which allows us complete control over our curriculums. We are able to constantly adapt our content to market needs.

Do students receive a certificate?

Your employees will need to attend at least 80% of the courses and keep up with their course work. If this is accomplished, they will receive a certificate stating they completed the course.
